>> Turby-1000 (Portable turbidity meter)

Features

- Lab Quality result in a unit (Resolution 0.01NTU)
- Wide measuring range and applicable to tap water, sewage and wastewater
- Extended lamp cycle compared to competitors' (15,000 hours)
- Easy to use and calibrate
- High accuracy and resolution

Specifications

Measuring method	Nephelometric method
Measuring range	0~9.99, 10 ~ 99.9, 100 ~ 1000NTU
Accuracy	±2% (0~499NTU), ±3% (500 ~ 1000NTU)
Resolution	0.01NTU (0~9.99NTU)/ 0.1NTU (10~99.9NTU)/ 1NTU (100~1000NTU)
Repeatability	±1% or ±0.01NTU of result value
Light source	Tungsten lamp
Temperature operating	0 ~ 50 °C
Display	128 * 64 dot
Power	100 ~ 240V Free Voltage, 50/60Hz
Size	98(W) * 202(D) * 50(H)
Weight	500g
Consumables	STD Solution Expiry date : six months
Option	Thermal printer, Data download cable
